

Rennovia appoints Chief Financial Officer

Finance executive to leverage experience in next phase of Rennovia's growth

Santa Clara, CA – December 31st, 2014 – Rennovia Inc., a privately held company that develops novel catalysts and processes for the cost advantaged production of chemical products from renewable feedstocks, announced today that it has appointed Michelle Cheung as Chief Financial Officer. Ms. Cheung will report directly to Robert Wedinger, the President and CEO of Rennovia.

Ms. Cheung is responsible for leading Rennovia's financial operations and executing its financial strategies. With over a decade of experience in banking and managing high growth companies, Ms. Cheung brings unique capabilities in guiding innovative early stage companies through funding events and in structuring strategic agreements.

"We are delighted to have Michelle as our new CFO. Her extensive experience working with start-up companies combined with her knowledge of capital markets makes her the ideal executive to drive Rennovia's performance forward as we position for future growth opportunities," commented Dr. Wedinger.

Ms. Cheung joins Rennovia from Goldman, Sachs & Co. where she led private and public financings for high growth companies in the clean technology industry and, most recently, focused on cross-border mergers and acquisitions in Beijing, China. She earned an AB from Princeton University and an MBA from Duke University.

About Rennovia:

Rennovia is a chemical process technology development company focused on the creation of novel processes for the cost advantaged production of commodity and specialty chemicals from renewable feedstocks. For further information, visit www.rennovia.com or e-mail info@rennovia.com.
